

## April-May Community Newsletter

### **Club House Update:**

Our new facilities are finally ready! We are currently in the city permits process and are happy to report that we have adequately complied with each one. As soon as this process is completed we will begin to transfer the telephone lines and all services to begin operating from the new facilities as soon as possible. Our telephone numbers will not change. Please feel free to contact us with any questions or concerns you may have.

### **Swimming Pool:**

As you probably have already noticed we have begun building the new swimming pool. It was also necessary to obtain a series of permits which took some time but construction has finally begun and we hope to soon be able to have an official opening date. We are doing everything we can so that the new pool facilities are enjoyable to you and your family. We hope to see our residents enjoy the new swimming pool very soon.

### **Parking on the Grass:**

We have attempted to increase awareness during our past newsletters in regards to the importance of not parking on the grass. Unfortunately some have chosen to ignore our requests which has led to take other measures. We will be having vehicles that are not parked in the designated parking areas towed at owner's expense. Please help us avoid having to do this and do not park on the grass as it benefits the entire community.

### **Golf Course:**

We would like to take this opportunity to remind you that our golf course is in excellent condition. Let's take advantage of it's potential and organize any fund raiser, golf outing, birthday celebration, or any other event. Our expert staff are ready to assist you at any moment. Please call (956) 548-9199 as well as to reserve tee times.
